Governor Cooper,

Some guy named Durwood Stephenson keeps posting to my facebook page saying i need to contact you and tell you we need to do a thing that i am sure he only wants done because it will make him more money. Here is how i feel about it and what i told Durwood Stephenson:

"We *do not* need the Atlantic Coast Pipeline. You only want it built because it is an opportunity to make you some money Mr. Durwood Stephenson. Havent you already made enough money at the expense of future generations? Clean renewable energy is what we need. We have plenty of wind, sun and water in North Carolina. Lets work with those resources to energize our beautiful state. "

Governor Cooper, I am against the atlantic coast pipeline and hope you are too. A pipeline such as the ACP would be taking our beautiful state in the wrong direction.

Sincerely
maureen welch
